

Tennessee Labor Market Report

Bill Lee
Governor

Jeff McCord
Commissioner

June
2020

Highlights

Pages 1-3 Population estimates and per capita income for Tennessee Counties

Page 4 The annual average nonfarm employment rates and the not seasonally adjusted monthly labor force data

Pages 7-10 Monthly nonfarm employment, long-term graphs of the unemployment and a brief explanation for each major MSA in Tennessee

Page 11 Monthly nonfarm employment for each small MSA in Tennessee

Page 12 The monthly consumer price index and wages by industries for production workers

Per Capita Income and Population by County

According to the U.S. Bureau of Economic Analysis the 2018 Tennessee per capita personal income was \$46,900, up 5.3 percent from the previous year. The United States per capita personal income was \$54,446, up 4.9 percent from 2017.

Per capita personal income is defined as the annual total personal income of residents divided by the residential population as of July 1. Personal income is derived by summing the net earnings, rental income, personal dividend/interest income, and transfer payments by place of residence. Personal income excludes federal income tax deductions and other personal taxes and is reported in current dollars. In simpler terms, it is the total income on the front page of your 1040 tax form. This data can be influenced by large growth (or decline) in population, natural disasters (i.e., flooding or hurricanes), commuting populations (those that primarily work in other counties), and state and local taxes.

Per Capita Income

In 2018, the Tennessee counties with the highest per capita personal income were Williamson County (\$94,872), Davidson County (\$66,060), Fayette County (\$55,364), Hamilton County (\$51,743), Knox County (\$49,738), Shelby County (\$49,465), Wilson County (\$49,092), Sumner County (\$48,656), and Loudon County (\$48,491). These nine counties are the only ones with per capita income greater than the state average. Four of these counties are in the Nashville MSA. In 2017, only Williamson, Davidson, and Fayette counties have per capita income greater than the United States average. In 2010, the counties with the highest per capita income were (in order): Williamson, Davidson, Fayette, Shelby, Hamilton, Montgomery, Knox, and Trousdale.

The counties with the lowest per capita income were Lake County (\$23,230), Bledsoe County (\$26,281), Hancock County (\$27,042), Wayne County (\$28,962), Lauderdale County (\$29,187), Morgan County (\$29,380), Hardeman County

(\$29,430), Scott County (\$29,758), and Trousdale County (\$30,090). In 2010, the ranking (from the bottom) was Lake County, Bledsoe County, Hancock County, Lauderdale County, Hickman County, Union County, Wayne County, and Lewis County.

Population Estimates

In 2018, Tennessee had a population of 6,770,010, up 423,905 from the 2010 Census. This is a growth rate of 6.7 percent since 2010.

The counties with the greatest population are: Shelby County (935,764), Davidson County (692,587), Knox County (465,289), Hamilton County (364,286), Rutherford County (324,890), Williamson County (231,729), Montgomery County (205,950), and Sumner County (187,149). From 2017 to 2018, the population in Shelby County decreased by 209. Since 2017, there were increases in Rutherford County (8,213), Montgomery County (5,935), and Williamson County (5,809). These three counties increased 19,957 or 32.6 percent of the entire state's population increase. The counties with the least population are: Pickett County (5,082), Van Buren County (5,765), Moore County (6,411), Hancock County (6,549), and Lake County (7,411).

There were 16 counties that had a population decline over the 2017 to 2018 time period. The largest decreases were in Lauderdale County (down 283), Haywood County (down 261), Shelby County (down 209), Hardeman County (down 181), and McNairy County (down 157). The largest one-year percent-population growth was in Montgomery County and Wilson County (both up 3.0 percent) followed by Rutherford County and Williamson County (both up 2.6 percent).

More regional and local information is available at the Bureau of Economic Analysis Web site at: <https://www.bea.gov/data/income-saving/personal-income-county-metro-and-other-areas>

Nonfarm Employment & Labor Workforce Narrative

Total nonfarm employment decreased by 152,700 jobs from June 2019 to June 2020. There were decreases in leisure & hospitality (down 54,600 jobs), which includes decreases of 31,000 jobs in food services & drinking places; manufacturing (down 38,500 jobs), which includes decreases of 29,500 jobs in transportation equipment manufacturing; professional & business services (down 30,300 jobs), which includes decreases of 28,400 jobs in administrative/support/waste management; educational & health services (down 9,300 jobs), which includes decreases of 7,600 jobs in health care & social assistance; other services (down 8,800 jobs); wholesale trade (down 7,000 jobs), which includes decreases of 3,700 jobs in merchant wholesalers, nondurable goods.

These decreases were partially offset by increases in local government educational services (up 10,900 jobs); general merchandise stores (up 5,700 jobs); construction of buildings (up 2,000 jobs).

During the past month, nonfarm employment increased by 88,900 jobs. There were increases in leisure & hospitality (up 46,000 jobs), which includes increases of 28,900 jobs in food services & drinking places; retail trade (up 11,400 jobs); health care & social assistance (up 9,900 jobs); administrative/support/waste management (up 9,000 jobs).

These increases were partially offset by decreases in government (down 10,900 jobs), which includes decreases of 8,500 jobs in local government educational services; wholesale trade (down 1,700 jobs).

Tennessee's seasonally adjusted estimated unemployment rate for June 2020 was 9.7 percent, down from the revised May 2020 rate of 11.0 percent. The United States unemployment rate for June 2020 was 11.1 percent, down from the revised May 2020 rate of 13.3 percent. In June 2019, the U.S. seasonally adjusted rate was 3.7 percent while the state rate was 3.4 percent.

The not seasonally adjusted unemployment rate decreased in 74 counties, increased in 17 counties, and remained the same in 4 counties. Williamson County had the lowest rate at 6.7 percent, down from the revised May rate of 7.1 percent. The highest rate was Shelby County at 13.2 percent, up from the revised unemployment rate of 11.4 percent in May.

The data from all the nonfarm employment estimates tables include all full- and part-time nonfarm wage and salary employees who worked during or received pay for any part of the pay period that includes the 12th of the month. This is a count of jobs by place of work. Agricultural workers, proprietors, self-employed persons, workers in private households, and unpaid family workers are excluded. These numbers may not add due

Civilian Labor Force
